# Increase Capacity and Reduce Burden on Teachers

## Personalized, trauma-informed, Tier 1, 2 & 3 supports when teachers and students need them

Use in counseling and guidance, suspension alternatives, restorative justice settings, PBIS frameworks, for special education supports, disproportionate exclusion solutions, bias activity responses. Also a great, value-added supplement to universal SEL programs in place.

## With *Bouncy*, children Pre-K to Grade 2 get personalized comfort, support, play, skill training

Multiple digital and physical elements of *Ready to Learn with Bouncy* help different children in different ways with comfort, caring, and play-based skill training. Bouncy is especially valuable for kids facing adversity and those with special needs. But Bouncy is not just for distressed kids. He is a friend, playmate, and beloved teacher for every child, all the time, at home and school.
