Track Graduation Pathways Easily and Efficiently

With Indiana now requiring schools to track graduation pathways, busy administrators need an efficient tool to help them accomplish this important task. Standard For Success—with its roots in education evaluation software—is the perfect partner to help schools track, aggregate and report on graduation pathways.

Our Pathways tool helps busy administrators ...

- Collect and track graduation pathway data
- Aggregate, analyze and report state graduation requirements
- Transfer student graduation pathways data from school to school as students move

Simplify the process

Create, track, & analyze graduation pathways to develop a workforce of the future
