

WELCOME TO MEFA PATHWAY

A fun and engaging website
for students in grades 6 - 12
to plan for academic and
career success

Free for all Massachusetts students!

Features Include:

- **Engaging assessments** to help students discover interests, skills, values, and learning styles
- **Information on a wide range of careers** to match personal skills with specific jobs
- **MyCAP repository** for counselors to document student's workplace and academic readiness, along with personal and social development
- **College search tool**, allowing students to compare attributes of each school
- **College application manager**, helping students manage application deadlines, including integration with the Common Application platform
- **Calculators** to compare college costs, estimate loan payments, and learn the cost-saving benefits of community colleges through the Massachusetts Commonwealth Commitment and Early College Program
- **Scholarship search engine** and organizational tool to track scholarship deadlines and search for local and national scholarships
- **Customized resume builder** to record career objectives, academics, activities, and work experience
- **Digital portfolio** to provide students a visual library of their personalized plan for the future
- **Course planner** to help students achieve academic goals and meet graduation requirements
- **Goals and strategies creator** to track milestones students hope to reach
