Michigan Cares

A helping hand for school communities

Suite360: Parent

The smartest way to equip parents and caregivers to be the school's partner and biggest ally.

Are you positioning parents to be your school's greatest ally?

Educate parents on critical topics

Increase privacy and convenience

Suite360: Parent delivers web-based and mobile lessons that equip parents to have smart conversations with their children about today's toughest challenges. Privacy and convenience are key as parents benefit from a constant flow of information focused on social-emotional learning. Our easy-to-access lessons provide an effective way to engage busy parents in their children's lives.

We offer an evolving and robust digital library of lessons on the following topics:

- Mental health and depression
- Respect
- Digital citizenship
- Drugs, alcohol and vaping
- Racial tolerance

- Academic integrity
- Tardiness and absenteeism
- Fighting and violence
- Study skills
- And hundreds more!

Learn more about the Michigan Cares program and how we can help equip parents to have smart conversations with their children.

Building safer tomorrows.

Suite360: Student

The most comprehensive character development curriculum that helps students better understand themselves and others.

An evidence-based social-emotional learning (SEL) program can help students achieve their full potential so they succeed now and in the future.

Scaffolded curriculum with lessons across grades K-12

Evolving library of courses that tackle today's tough challenges

Evidence-based content aligns with the CASEL framework

Suite360: Student improves student behavioral outcomes, increases school climate ratings and reduces recidivism while delivering fresh, engaging web-based and mobile lessons on topics that are important to students today. We provide consistent delivery of social-emotional learning that is fully aligned with the CASEL framework throughout your entire district.

We offer an evolving and robust digital library of lessons on the following topics:

- Responsible decision-making
- Social awareness
- Mental health
- Self-management
- Growth mindset
- Self-awareness
- Effective communication

- Academic success
- Substance abuse
- Bullying prevention
- College prep
- Relationship skills
- Empathy
- And hundreds more!

Let's talk about how we can help you keep students safe as they develop positive attitudes toward others with an emphasis on equity, kindness and relationship restoration.

The smartest way to empower school staff to navigate today's complex challenges successfully.

Are you equipping your teachers and staff with the professional development they need to help them—and their students—thrive?

Professional development for educators and staff

Evolving curriculum designed to tackle today's toughest challenges

Lessons available on any device

Suite360: Staff offers web-based and mobile lessons designed to help school staff members understand and manage today's many education challenges. Our courses are professionally developed and meet your busy staff's needs in a convenient, digital format. When your team is well-equipped, they're in a better position to help students thrive.

We offer an evolving and robust digital library of lessons on the following topics:

- Social-emotional learning
