The William James College Center for Behavioral Health, Equity, and Leadership in Schools is partnering to create more just, healthy, and productive learning environments.

Our academic and licensure offerings are built around the Center's focus on diversity, equity, and inclusion; social-emotional learning; and behavioral health and are informed by William James College's deep expertise and experience in graduate-level psychology education.

As an employee of a partner school district, you are eligible for an incredible opportunity to further your education and your career with a **Graduate Certificate in Classroom Mental Health**.

The program is **designed to train teachers** to better understand and address the behavioral health needs of their students. The curriculum will provide you with the tools you need to build inclusive and equitable learning environments. Courses focus on key issues in psychology, transformative SEL, and DEI. There is a strong emphasis on creating a collaborative learning environment where teachers feel supported to focus on taking risks and trying new approaches. **The program format is blended, combining days in residence with both synchronous and asynchronous virtual learning.**

Through this educational partnership with your school district, **all employees who apply to start the program in Summer 2023 will be considered for a \$7,500 Scholarship.**

*Currently accepting applicants
for Summer 2023. Application
deadline—May 1, 2023.*
