

Harmony SEL and Inspire: Stronger Together

SEL implementation is improved when educators are equipped to create inclusive and engaging learning opportunities. Harmony builds affirming SEL skills through relationship-driven lessons and activities to help children grow up to be compassionate and caring adults. Inspire celebrates and supports pre- and in-service educators and staff with online professional development resources and adult SEL opportunities.

By accessing the Harmony curriculum and the Inspire professional learning resources, educators have the ability to create positive and affirming learning environments.

Explore module topics in the Developing SEL Capacity pathway on the Inspire Online Learning Portal.

Our programs are implemented and supported by a team of **professionals and educators** who share a passion for SEL

Account Managers:

Account Managers are here to support district and organizational partners to ensure effective adoption and implementation of the Harmony and Inspire programs from initial adoption through product training and long-term implementation support.

Account Executives:

Account Executives provide additional support for larger accounts and those that require additional implementation assistance. Account Executives are available to help navigate complex systems and to provide access to additional resources when needed.

Professional Learning Specialists:

Professional Learning Specialists are committed to supporting the successful implementation of Harmony and Inspire. They collaborate with Account Managers and Professional Learning Specialist provide onsite and online training and coaching sessions for initial product training, district or organizational capacity-building and professional learning services.

Harmony SEL and Inspire

Programs Overview

Why Choose Harmony SEL?

Harmony SEL is a social and emotional learning (SEL) program for pre-K-6 grade students designed to foster communication, connection, and community both in and outside the classroom.

As a **CASEL SElect** program, Harmony develops key social and emotional competencies in the classroom, at home or in out-of-school programs.

Why Choose Inspire?

Develop your teaching and SEL skills with Inspire's no-cost, on-demand courses and deeper professional learning opportunities.

Inspire celebrates and develops inspirational educators while supporting SEL and inspirational instruction in the Pre-K-12 classroom.

Inspire also allows you to promote adult SEL and dig deeper with your SEL implementation, working collaboratively with Harmony SEL.

PK-12 Market

Harmony SEL offers resources and programs designed to enhance student learning outcomes and increase educator impact in the classroom and beyond.

While our target audience is teachers of Pre-K-6 grade students—with most of our users located in elementary school settings—we also work with teachers of students outside of this setting, including those in middle and high school. Harmony's resources, tools, and strategies are delivered by classroom teachers, school counselors, school psychologists, social workers, and others.

OST/Special Markets

Harmony SEL partners with youth development organizations across the country providing social and emotional learning resources, tools and training supports to after-school program providers, including nonprofit organizations.

Harmony Everyday Practices, units and lessons are flexible and adaptable, making them accessible and easy to implement for youth development staff.
