## ABOUT US

**Indiana Online** is an accredited online program that partners with over **300** middle/high schools to offer a wide variety of online courses throughout the school year and summer. Students can take advantage of over **120** online courses or enroll in our full-time Academy through their school. Indiana Online is not a school but is a department of the Central Indiana Educational Service Center. Our Indiana-licensed teachers offer students resources, feedback, and support in an interactive online environment, which uses innovative technologies that engage students and provide proactive learning opportunities. We continue to be a trusted statewide and national leader in online education providing learners a high quality and rigorous educational experience.
