

A BEHAVIORAL HEALTH NETWORK

Dedicated to Helping You

We offer a system of care providing comprehensive behavioral health solutions and substance use disorder treatment to better serve North Carolina residents.

BRYNN MARR HOSPITAL

We are committed to providing the highest standard of psychiatric care to adults, adolescents, and children as young as 5.

Since 1983, our behavioral health therapists have focused on providing patients with the skills they need to live happier, healthier, and more productive lives. The specialized treatment team includes a board-certified psychiatrist, nurses, social workers and recreational therapist.

We offer evidence-based treatment programs that address a number of issues, including grief, trauma, psychiatric disorders, and substance use issues.

HOLLY HILL HOSPITAL

Holly Hill Hospital offers compassionate mental health programs for children, young adults, adults and older adults, as well as addiction treatment services and Electroconvulsive Therapy (ECT).* The goal of our experienced staff is to help individuals return to a healthier life with evidence-based treatment, while promoting strong communications with their families and support systems.

In our inpatient programs, patients work closely with their treatment team in a group setting to identify triggers, establish coping skills and create a strong plan for continued success post-discharge.
