

Which Course Is Right for You?

Whether you are a student looking for the truth about drugs, or a parent or school educating youth on drugs and their effects, we have an online course that is right for you.

Our message helps children and teens to question their ideas and assumptions about vaping, nicotine, alcohol, marijuana, prescription pills and drug use.

We give them the facts so they can learn to intelligently make the right life choices.

Steered Straight Online Learning Center

Steered Straight is helping students, schools, families and communities know the truth about drugs and the dangers associated with them.

Vaping Me Crazy

Learn the negative effects of vaping trends and how e-cigarettes are unsafe for kids, teens and young adults. Great course for students who get caught vaping in school.

This online course is for middle and high school students to learn about e-cigarettes, vaping and Juuling. It educates the student on the negative effects of vaping and gives the facts on how e-cigarettes are unsafe for kids, teens and young adults.

What you get from this course:

- Health risks of vaping
- Who is behind marketing it to youth
- How vaping can lead to other drugs

Fentanyl: Fake & Fatal

Get the facts about fentanyl and know what it is doing to today's youth. Drug overdose deaths fueled by fentanyl are at record highs in the United States, including teens.

This online course lays out the facts about fentanyl and what it is doing to our population. It shows where it is coming from and how it is lining the pockets of drug cartels and drug dealers with no concern for its effects on the user.

What you get from this course:

- What fentanyl is and its history
- The dangers of fentanyl and how they can go unnoticed
- What to do if you suspect a fentanyl overdose or poisoning

Straight Talk

Unique lessons on alcohol and drug awareness and prevention and how positive, informed choices and decisions can affect the direction one takes.

A fast-paced and easy to follow online course that gives a concrete understanding of drugs and their effects, as well as the power of making the right choices which lead to a happy and prosperous life.

What you get from this course:

- Education on the truth about drugs
- Drug and alcohol abuse awareness
- Unique lessons on how choices & decisions can change the course of someone's life
