

USE DATA TO STRENGTHEN YOUR SCHOOL COUNSELING STRATEGIES!

DATA, DATA, DATA PATHWAY WITH HATCHING RESULTS

In this course series, school counselors and other educators will be introduced to using data in the design, implementation, evaluation, and improvement of their school counseling programs. Data is a powerful tool that can be transformational to your school counseling program and school.

DATA, DATA, DATA PATHWAY:

Course 1: Data, Data, Data

Course 2: It's All About Time (Management)

Course 3: Tier 1 Action Plans and Pre/Post Tests

Course 4: Intentional School Counseling & Tier 2 Interventions

Course 5: Intentional School Counseling for Systems Change

Course 6: Reporting Results & Flashlight Approach

Course 7: Miracles & Challenges in the School Counseling Profession

COURSE #1 LESSON TOPICS INCLUDE:

- The Use of Data to Drive Interventions
- Types of Data
- Setting Goals
- Using Data to Evaluate Outcomes
- Conceptual Diagrams and Data Over Time

**GRADUATE SCHOOL UNITS AND CEU'S
AVAILABLE FOR PURCHASE
THROUGH CSU SAN MARCOS**

Course participants will reflect on their previous experiences using data and then learn how to collect and analyze data to create goals and evaluate their school counseling programs.
