

STRENGTHEN YOUR STUDENTS' POSTSECONDARY READINESS SKILLS!

POSTSECONDARY READINESS FOR MIDDLE SCHOOL PATHWAY WITH HATCHING RESULTS

This course series is designed to help school counseling and college access programs define college and career readiness for middle school students. This course is specifically designed to explain the role of postsecondary readiness and success for middle school counselors and college and career advisors. Staff will be guided to explain the developmental stages middle school students are going through and the importance of introducing college and career readiness for all students earlier in their educational journey.

PATHWAY:

Course 1: Postsecondary Readiness for Middle School

Course 2: Program Development for Middle School Postsecondary Readiness

Course 3: Implementing Purposeful Programs & Services for Middle School Postsecondary Readiness

COURSE #1 LESSON TOPICS INCLUDE:

- Intro to Postsecondary Planning and Readiness
- Exploration of Postsecondary Options
- The Value of a College Degree
- Middle School Development for Postsecondary Planning
- Building Middle School Students' Motivation

Staff who complete this course will not only believe in the value of introducing college and career readiness earlier; they will develop the foundational knowledge and skills to support their students through the process.
