

Greenwood Village, Colorado | Serving Teens, Adolescents and Young Adults

AN OUTPATIENT TREATMENT PROGRAM THAT HEALS FAMILIES

Embark Behavioral Health in Greenwood Village, Colorado, is an outpatient treatment program with compassionate therapists dedicated to providing healing for youths struggling with mental health issues.

Our therapists specialize in helping families in Aurora, Lakewood, Greenwood Village, and the greater Denver area get the mental health treatment they need to create a life filled with joy. We offer individual, group, and family therapy as well as therapeutic/peer mentoring, home health care services, addiction treatment, and parent coaching. Our outpatient treatment in the Denver area includes a partial hospitalization program (PHP) and an intensive outpatient program (IOP) for those who need intensive care and therapy. Our healing, nurturing, and safe environment will help you address and overcome mental health issues that may be affecting your family's everyday life.

Conditions Our Therapists Treat

- ADHD
- Anger/Mood Regulation
- Anxiety
- Bipolar Disorder
- Borderline Personality Disorder
- Bullying
- Eating Disorders
- Depression

- Family Conflict
- Self Harm / Cutting
- OCD
- PTSD
- Social Isolation
- Substance Use / Abuse
- Technology Addiction
- Other Mental Health Issues

During outpatient therapy at Embark, your adolescent, teen, or young adult will meet with a local Denver therapist while maintaining their daily schedule. For those who have moderate mental health symptoms and a daily routine that is not negatively impacting their mental health, outpatient therapy may be a good option.

There are many benefits to outpatient therapy at Embark at Greenwood Village. Our outpatient programs allow adolescents, teens, and young adults in the Denver area to maintain work and school schedules and receive support from friends and family while receiving therapy — and at a more affordable cost on average than most inpatient treatment options.
