# WHAT SCHOOL ADMINISTRATORS SHOULD KNOW ABOUT THE U.S. ARMY

[goarmy.com](http://goarmy.com)

DID YOU KNOW...your Army Recruiter can provide various services to your school on any given day. For example:

#### GUEST SPEAKERS

Speakers are available for classroom presentations. Topics include:

- Leadership
- Military History
- Physical Education
- Post-Secondary Education
- CPR/First Aid\*
- Law/Law Enforcement/Mock Court\*
- Career Pathways
- Culinary Arts\*
- Electronics/Cyber-Tech/IT\*
- Medical Tech/Health Occupations\*

(\* Check for availability. Instructions provided by personnel trained in medical/legal/culinary/tech fields.)

#### PRESENTATIONS AND DISPLAYS

Army Recruiters can provide military equipment displays and presentations at school activities and functions. Ask your Army Recruiter about static displays, mobile exhibits, and clinics:

- Military Occupation Skills (Army jobs)
- Army Band
- Sports and athletics
- STEM
- Military vehicles/equipment

**MARCH 2  
SUCCESS**

#### MARCH2SUCCESS

Is a free tutorial that provides a customized, online study program to help students prepare for standardized tests, [march2success.com](http://march2success.com) contains:

- e-Learning curriculum
- Science, Technology, Engineering and Math (STEM)
- College preparation
- Online courses
- Virtual Learning Tools
- ACT and SAT full length practice tests
- MCAT full length practice test
- DAT full length practice test
- Nursing School practice test
- Physical Fitness courses

#### ASVAB CAREER EXPLORATION PROGRAM (CEP)

This tool can save your school district thousands of dollars in testing funds and guidance counselors' time when compared to using a standard vocational assessment and career planning system.

Find out more at [asvabprogram.com](http://asvabprogram.com)

Contact an Army Recruiter or visit [goarmy.com](http://goarmy.com)

#### TEAM BUILDING

Do you have a staff or student group that needs to work as a more cohesive team? Army Recruiters offer staff and student groups team building opportunities and exercises.

#### CAREER PLANNING

Army Recruiters are trained career planners. They can provide detailed career-planning workshops for students. Workshops can include vocation assessments, interest inventories and goals reflection. They also offer career planning tools. This service is a valuable resource for students preparing for college and the workforce.

#### PHYSICAL FITNESS

Army Recruiters are master physical fitness instructors and offer special fitness clinics for students and athletics departments.

#### STEM/STEAM TRAINING

The U.S. Army is a world leader in STEM/STEAM technologies, including robotics, cyber security, medicine, science, aviation, fringe science, and more. Contact an Army Recruiter for more information about:

- STEM opportunities for students and school staff
- STEM engagement activities
- Research experiences for STEM educators and teachers
- Mathematics and science competitions
- Apprenticeships and fellowships
- STEM opportunities for students at Army Research Facilities and Labs
- Scholarships and grants
