

EMS EDUCATION

Founded by David B. Hill II in 1959, Superior Ambulance has a robust history of training and empowering EMS providers. Boasting over two decades of EMT training experience, our programs enable individuals to thrive in various EMS organizations, municipal fire departments, hospitals, and beyond.

EMS TRAINING PROGRAMS

Emergency Medical Responder (EMR)

EMRs offer crucial, life-saving care. This 60+ hour training covers CPR, first aid, and stabilization for medical and trauma patients.

Emergency Medical Technician (EMT)

EMTs provide immediate medical care and transport for critically ill or injured patients. Training covers EMS vehicle operations, airway management, cardiac emergencies, pharmacology, pediatrics, trauma, obstetrics, and more.

Paramedic Sponsorship Program

Paramedics are top-tier EMS experts, delivering advanced care. Our Paramedic Sponsorship Program supports EMT-certified students for accredited paramedic training.

Star Program

With our Star Program Superior Ambulance will sponsor employees to attend college credit classes.

SPECIALTY COURSES

Superior is committed to providing courses designed to enhance the knowledge of healthcare providers and improve patient outcomes. We currently offer various NAEMT courses:

- Tactical Emergency Casualty Care (TECC)
- Prehospital Trauma Life Support (PHTLS)
- Geriatric Education for EMS (GEMS)

Visit our website for additional course offerings.

AMERICAN HEART ASSOCIATION (AHA) TRAINING SITE

Superior offers the full series of AHA certification courses for healthcare providers. We also provide CPR/First Aid/AED training for schools, childcare programs, scouting groups, businesses, etc.
