

ENHANCED SCHOOL PROGRAMS

YOUR Massachusetts Army National Guard is the original community-based organization and we are proud of our work to enhance the lives of our fellow Bay Staters. We offer a variety of curriculum-based seminars and challenges designed specifically to support and diversify the learning experiences of our students. Our team of professionals is trained and ready to offer all of these resources and experiences at absolutely no cost to your school. Each of our offerings is designed to promote critical thinking, student leadership, physical fitness, and teamwork. Our goal is to motivate, excite, and engage your students to become the best possible community members they can be. Contact us to receive a copy of our full 2024 Enhanced School Programs guide and curricula for any of the programs listed below:
