START COLLEGE HERE

Our new resource, **START COLLEGE HERE**, equips you to talk about the value of a technical college education with your students and their parents.

Whether you're having a conversation during an IGP conference or just providing some post-high school guidance, you can use **START COLLEGE HERE** to help students:

- explore all 16 of South Carolina's technical colleges,
- learn about popular programs,
- navigate our Career Explorer,
- read real-life stories of current students and recent graduates,
- determine if online learning is a good fit for them,
- understand the benefits of dual enrollment,
- discover transfer pathways to four-year institutions,
- and take the first step to reach out to a technical college representative.
