

**Eastern Atlantic States**

REGIONAL COUNCIL OF CARPENTERS

# Game Changers Wanted

Score a new career as a Union Carpenter.

**Are you an athlete ready to use your talents to build a career?**

Find your place as a Union Carpenter to continue your success! With your teamwork and leadership skills, plus your competitive drive, you can succeed in a field with great pay, great benefits, and great opportunities for growth for all genders!

## USE YOUR SKILLS

As an athlete you developed teamwork skills, a strong drive, and the ability to lead that will be used and further improved as a Union carpenter. As part of the industry's best trained and experienced construction workforce you can use your athletic skills to build a future where you can thrive.

## HARD WORK PAYS OFF

As a Union Carpenter, the more effort you invest, the greater your rewards will be. You will see the results of a day's work while you build the bridges, schools, hospitals, and other infrastructure your community relies on. Your hard work can also be recognized in your ability to grow. Your career opportunities can range from a Construction Manager, Foreman, to even becoming a Contractor.

## A DIVERSE FIELD

During your apprenticeship you will learn that the trade has many different crafts. From General Carpenters who build the foundations and exteriors of buildings, Millwrights who install and maintain heavy machinery used in turbines, to Piledrivers who set the foundation for bridges, solar fields and wind turbines. Along with many other crafts, there is a position for you to play.
