Say Hello to Xello

Software for Creating
Successful Futures

Engage, Empower and Equip Every Student to Succeed

More than any other program, Xello helps K-12 students of all backgrounds, abilities, and aspirations become future ready.

Increase Engagement and Achievement

Increase student engagement with interactive lessons, career and school exploration, and a profile built for each student's future goals.

Enable Successful Transitions

Provide students with all the necessary tools as they navigate through life changes, make important decisions, and prepare for their future.

Every Student Future Ready

Empower students with self-knowledge, encourage them to explore the many careers open to them, and help them build an achievable and exciting plan.

Equip Students with Real World Skills

Build confidence and equip students with the necessary skills needed to succeed in the workforce.

Meet College and Career Readiness Requirements

Meet district and state requirements for college and career readiness with an engaging program that accurately tracks student progress and completion rates.

The Xello Difference: A Model That Connects Self-Knowledge to Future Success

Built with thousands of hours of research with educators, Xello puts students at the center of their journey of self-discovery. Every student will build the skills and knowledge necessary for success in their own unique future.

Build Self-Knowledge

Students define their interests, skills, preferences, and aspirations so they can explore the opportunities right for them.

Explore Options

Students learn about career possibilities and educational pathways by exploring rich engaging content and lessons.

Create a Plan

Students create dynamic, actionable plans that outline the steps needed to achieve school, career, and life goals.

Learn & Reassess

As students gain experience, knowledge, and skills, they can reassess and change their plans for the future.

Encourage Students to Build Self-Knowledge

The first step of being future-ready is knowing who you are. Xello helps students discover more about themselves by encouraging them to record and reflect on their strengths, skills, and interests. They learn to think critically about how to apply all they discover to create a plan that gets them excited and ready to explore!

Career Matchmaker

Students participate in an interactive assessment with situation-based questions. Their answers match them with careers that align to their passions and skills, engaging and exciting them in planning for the future.

Test Scores

Students can view their test scores to stay on top of their academic progress, identify their strengths, and develop a growth mindset.

Personality Style Assessment

Based on the Holland Model, the Personality Style assessment helps students learn why certain careers are a good match for them based on their unique traits, likes and dislikes.

Learning Style Assessment

By completing the Learning Styles assessment, students discover how they learn best, and are equipped with the tools and awareness to maximize their learning techniques.

Skills Lab Assessment

The Skills Lab assessment helps students evaluate career goals by understanding which careers are most suitable based on how frequently they'd like to use certain skills.

After High School

Students begin by thinking about what they might want to do after high school - giving them a base to start from when planning their future.

Favorite Clusters

Viewing similar careers in favorite clusters helps inspire students and broadens their choices.

Resume Builder

With built-in guidance and tips, Xello's resume-builder helps middle and high school students of all abilities create a stand-out resume.

Experiences

With an interactive timeline, students track their accomplishments in life, education, work, and volunteer experiences, prompting them to reflect on, and learn from, their experiences.

Skills & Interests

Students identify and reflect on their skills and interests to learn how to apply them to their future.

Portfolios

Students can showcase their work across subjects, highlight their self-exploration, talent profiles, work experiences, and more.

The screenshot displays the Xello student profile for Jameela Young. The profile includes a header with navigation links (Home, About Me, Explore, Plans) and a search icon. Below the header is a section for "CAREER MATCHES" featuring five job cards: Corporate Trainer, ESL Teacher, Project Manager, Advertising Account Executive, and Instructional Coordinator. Each card shows a salary range and a "View" button. Below this is a "Test scores" section with a "View results" button. The "PERSONALITY STYLE" section shows a circular diagram with six traits: Organizer, Builder, Thinker, Persuader, Helper, and Creator. The "LEARNING STYLE" section shows a circular diagram with three traits: Auditory (45%), Tactile (35%), and Visual (20%), with the conclusion "You are an Auditory-Tactile Learner". The "SKILLS LAB" section shows a list of skills: Managing People, Problem Solving, Speaking, and 32 more. The "AFTER HIGH SCHOOL..." section shows a goal: "My goal: More school or training". The "FAVORITE CLUSTERS" section shows a list of clusters: Education & Training, Hospitality & Tourism, Business, Marketing & Finance. The "RESUME" section shows a "Last updated: 08 / 28 / 2023" date. The "EXPERIENCES" section shows a timeline with "HIGH SCHOOL DIPLOMA" and "CHESS CLUB". The "SKILLS" section shows a list of skills: Acting, Dancing, Making Videos, Empowering Others, Team Building, and Communication. The "INTERESTS" section shows a list of interests: Art, Music, Psychology, Video Editing, Being Outdoors, and 4-H Club. The "PLACES" section shows a world map with "Birthplace: Texas, United States" and "Live in: Texas, United States". At the bottom, there is a "Storyboard is now Portfolios!" banner with a "Visit Portfolios" button and a "My Portfolio" section.

The screenshot displays the Xello student portfolio for Jameela Young. The portfolio features a header with navigation links (Home, About Me, Explore, Plans) and a search icon. Below the header is a large image of carpenter tools. The main section is titled "A Day in the Life: Carpenter" and includes a "Sharing OFF" button and a "Share Portfolio" button. The portfolio content is organized into sections: "Careers Project", "Introduction", "Personality Style", and "Creativity". The "Introduction" section contains text about the student's interest in carpentry. The "Personality Style" section shows a circular diagram with six traits: Organizer, Builder, Thinker, Persuader, Helper, and Creator. The "Creativity" section shows a list of creative activities: Drawing, Painting, Sculpting, and 32 more.

Explore Careers

Catering to each individual student, career choices are sorted by how well-matched they are to the student. Using dynamic filters, students can sift through a wide variety of career options. In-depth profiles contain a snapshot of a day in the life, workplace conditions, earnings, education and training, and similar careers. Vibrant photography and real world interviews helps students see themselves in the careers they discover and explore.

Once they've found their favorite careers they can save them and return later to review and refine their top choices.

Explore Schools

Students filter through hundreds of schools to discover and learn everything they need to know to make an informed decision about post-secondary education. School options include 2 year & 4 year colleges, vocational training and military options. Dive into necessary information such as enrollment details, admission requirements, and tuition costs. Students get a solid feel for the campus atmosphere with access to Street View with Google Maps to take a virtual campus tour including local entertainment, services, and bike and transit routes. They can save favorites to view them again later.

Explore Majors

Students filter through the hundreds of majors to better understand the post-secondary education they'll need to achieve their goals. Profiles include information such as a description of the major, similar majors, and links to schools that offer the major so students can plan their post-secondary path.

Explore Local Companies and Opportunities

Students can discover local companies and express interest in virtual and in-person opportunities as they investigate their careers of interest with Xello's Work-Based Learning module. Easy-to-use filters allow students to search by career cluster, location, type, duration, and paid/unpaid opportunities, so they can easily identify those that are relevant to them. By integrating opportunities into a student's exploration journey, they can see the relevance of their schooling and develop more meaningful career goals and plans.

Explore Interests

Students get engaging videos and resources on their dashboards that spark their curiosity and help them make informed decisions about their future. This content deepens their knowledge of the career, college, and life-readiness topics that interest them most.

Help Students Discover Post-Secondary Options

Create Your Plan

Every student has a different idea of what their future will look like: from right after high school to their endgame. Having the opportunity to set goals and build a plan helps students begin to put their ideas into action.

Students take what they've learned about themselves, about careers, schools, and majors and use this knowledge to build a plan for their future - starting with one of their saved options. Once they've built their plan, they can always return to add notes or inspiration as they gain more life experience and self-knowledge.

Course Planner

Students use the course planner to create a four-year course plan that supports intentional course selections - including specialized diploma requirements. The planner includes prerequisite checking, graduation tracking, parent or guardian electronic approval, and the ability to export course requests for scheduling in your student information system (SIS).

College Planning

Once schools and careers have been explored, and a plan has been built, students can bring their plans to life with Xello's easy-to-use college planning tools. Students can create application checklists, request a transcript or letters of recommendation, search for local scholarships, and more.

Build an Actionable Plan

One Central Hub to Access All College-Related Tools and Financial Aid Resources

Whether students are looking to learn more about the FAFSA application process, searching for local scholarships that match their profile, or requesting a transcript for their school application – they can find it all in one central spot in Xello’s College Planning hub.

College Applications

Juniors and seniors preparing for college can track their application deadlines, requirements, and progress directly in Xello. Once an application is created, students can easily request transcripts or letters of recommendation from their school administrator. And Xello's integration with Common App provides a streamlined application management experience for seniors and the staff supporting them.

Scholarships

Students can quickly find relevant and valuable scholarships they can apply to using the Scholarships tool. They can search by name or keyword, and sort the list by deadline or award amount. Scholarships can be added to their shortlist and students can keep track of their progress by updating the status of their scholarships to indicate that they've applied and if they've won.

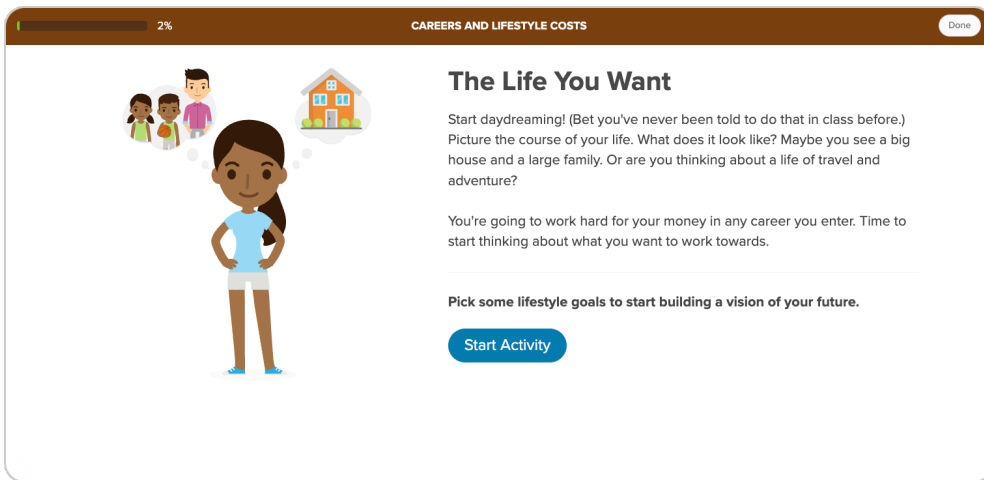

Knowledge Hub

Students can learn more about their options when it comes to paying for college under the Knowledge Hub. The resources housed here are written by a team of content experts, vetted by educators, and designed to help instill confidence by serving content that's short, straightforward, and easy for students to digest and understand. Topics include FAFSA, Scholarships, and Grants, Loans, Work-Study Programs and more.

Build Critical Skills and Knowledge with Lessons

Participation and engagement in activities throughout the program creates a personalized curriculum. Xello's fully integrated lessons help students build vital skills for persistence, resilience, and real-world success while encouraging ongoing reflection.

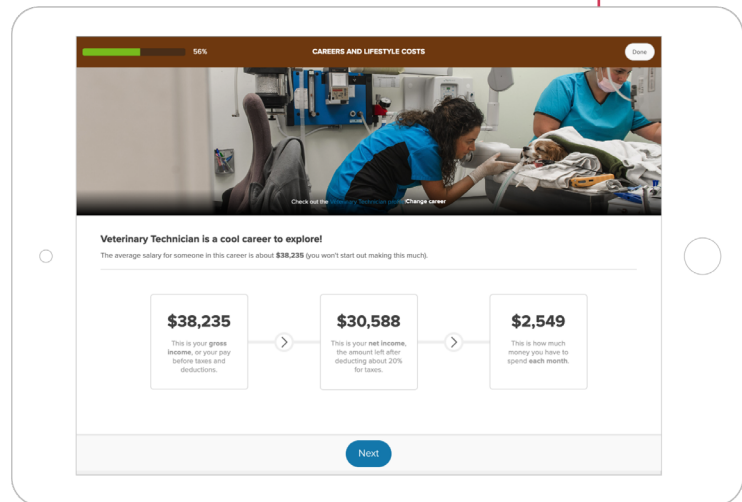

Engaging and Interactive

Each lesson is written in-house by experts. They're self-paced, and include a variety of interactions to promote engagement; as well as links to more information and profiles to keep students informed every step of the way.

Personalized

Lessons are tailored based on participation throughout Xello to ensure every student's experience is unique to their own personality and story - giving them the confidence to explore and build a future that appeals to who they are.

Digital and Trackable

Welcome to the digital age! Lessons are fully digital and embedded into the student experience. You can review their progress and answers in reports and export results into spreadsheets for easy tracking from your educator account.

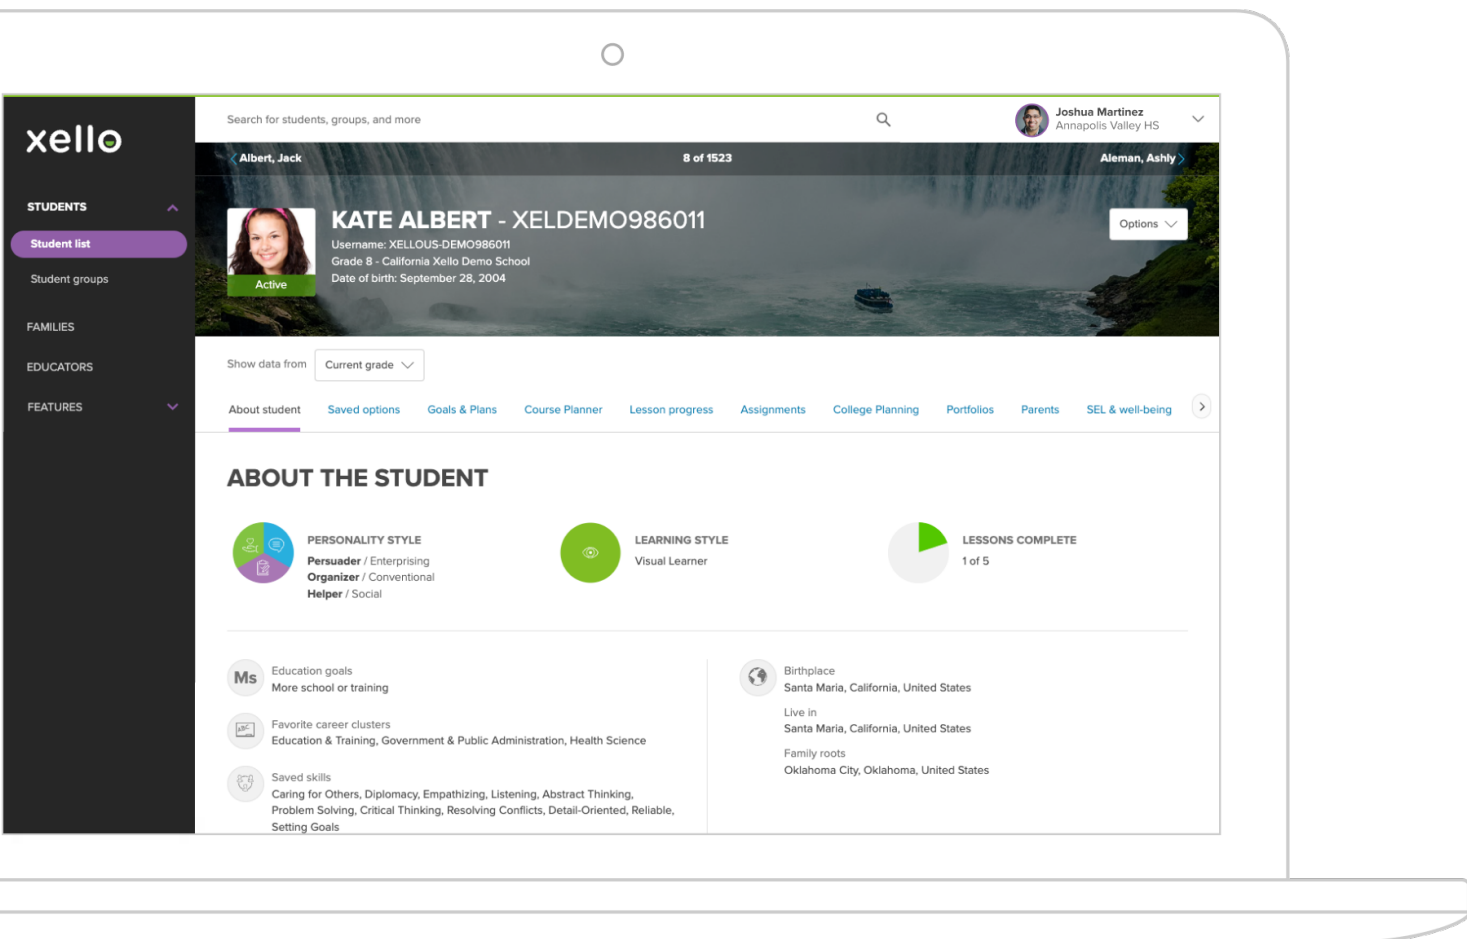

Age Appropriate

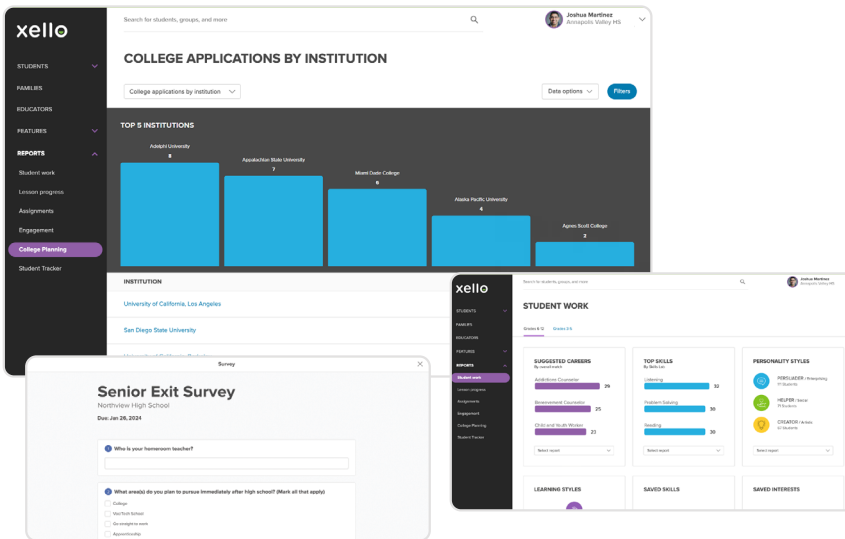

The content and learning objectives in each lesson are relevant to life decisions students face in their grade. From understanding how school subjects can be applied, to work environments, to choosing a college or university, students learn what they'll need to be successful each year.

Built-in Progress Monitoring and Reporting

The straightforward and powerful Educator Tools contain everything you need to support your students' paths to future readiness. This educator toolkit allows you to view student profiles and progress, communicate with students and groups, organize courses and specializations, help students with transcripts, run and view reports, & much more.

Student Profiles

Speak to students in their language. With the ability to view student profiles, you'll gain valuable insights into who they are, and what they care about so you can better guide your students and ensure every conversation is meaningful. Access individual student profiles to view:

- Assessment results
- Saved options
- Goals & Plans
- Course Planner
- Lesson Progress
- Assignment Progress
- College Applications
- Portfolios
- Parents and Guardians

Reports

Easy-to-use reports help you track overall program engagement and monitor students' progress towards your college and career readiness standards and graduation requirements.

- Logins by day, month and student
- Course planner submissions and alerts
- Common App requests and applications
- Volunteer hours tracking
- Lesson progress for mandate compliance
- College and scholarship applications
- Alumni tracking with NSC StudentTracker

Surveys

Easily create and send surveys to specific groups of students, making tracking of college application outcomes, self-evaluations, and feedback more organized and efficient. Boost engagement, gather valuable data, and guide students as they plan their futures.

Student Demo Accounts

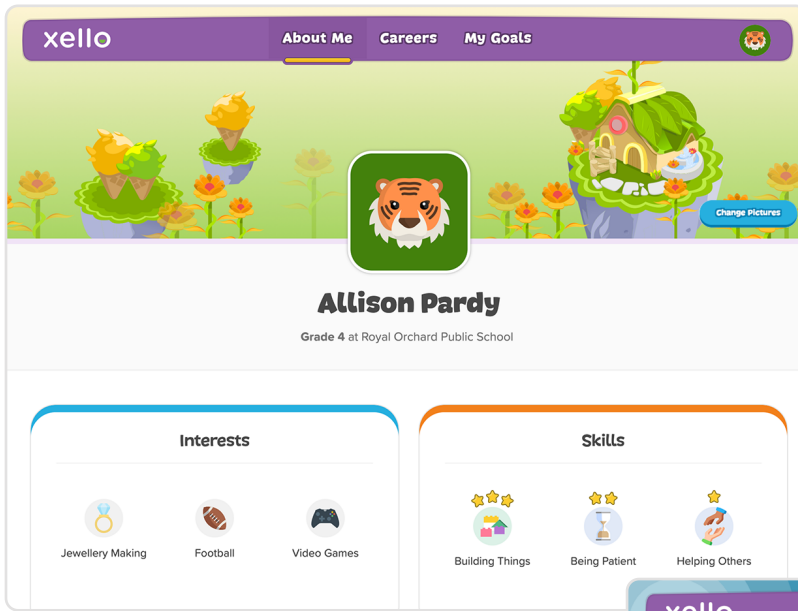

See what your students see, experience what your students experience and join in on the fun! Xello comes with demo student accounts for each grade. Access your demo student account from your educator dashboard and select a grade to give Xello a try.

Introduce Your Elementary Students to Their Future Possibilities

Introduce your students to the world of work with an age-appropriate program that engages and excites. Xello for Elementary prepares your youngest learners for future success by helping them connect the dots between their individual qualities, current education, and career possibilities.

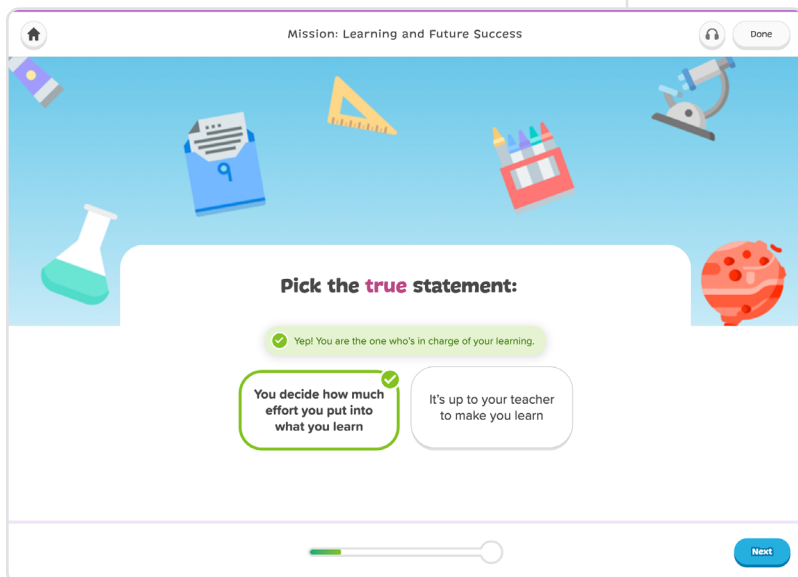

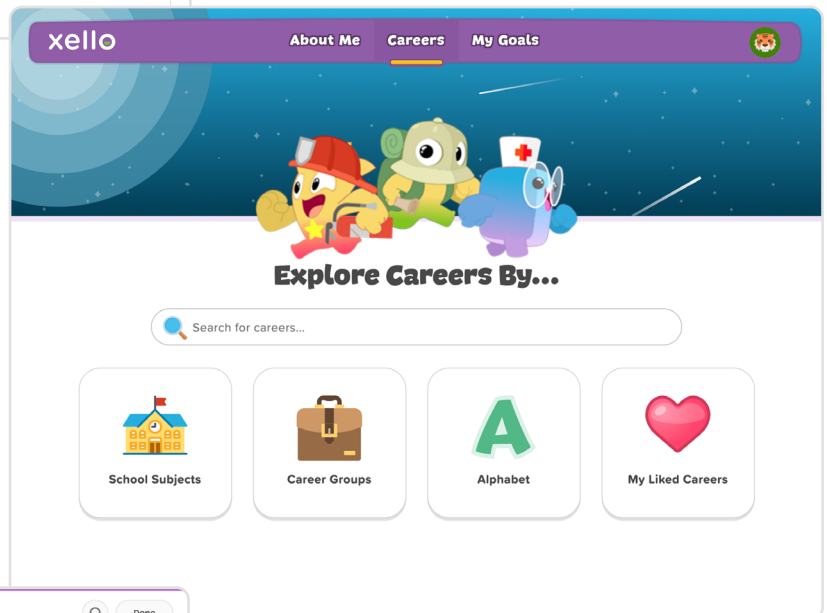

Spark Self-Awareness

Students create vibrant, visual portfolios that showcase their unique personality and preferences. They add interests, skills, achievements and their feelings about school subjects to begin connecting the dots between who they are and possible career options.

Begin Career Exploration

Age-appropriate career profiles ignite students' interest in the world of work. Careers come to life in Xello with easy-to-understand descriptions and discoverable facts, stories, and biographies to help students evaluate careers. Students can then save their favourite careers which encourages ongoing reflection.

Build Future-Readiness Skills

Give students the building blocks for short and long-term goal setting. In Xello students are taught the fundamentals of creating measurable goals. They set and track milestones towards achievement.

Embedded grade-specific activities and lessons help guide students through the program. Engaging stories teach students key social-emotional concepts they can build on in middle school.

Available on any device, including
mobile, tablet, or desktop

Supports Single sign-on (SSO)

Safe and secure with the latest
security protocol advances
