

# A resource for schools, students, and the community

Schools are a central hub serving students, their families, and the broader community. They are our natural allies in our effort to improve people's health and well-being. That's why Anthem is here to support your school's staff, students, and families. Together, we can help create healthy communities and make healthcare simpler.

Anthem will work with you to:

- Support your school's staff in addressing the students' mental and physical needs.
- Create a custom event or health fair.
- Connect students' families with community resources such as [findhelp.org](https://findhelp.org).

**To learn more about our school health program, please contact your local Anthem representative.**

## Learn more about resources for:

- Mental health
- Bullying
- Tutoring services
- Boys & Girls Clubs memberships
- No-cost healthcare for foster youth
- Community services and supports
