

THE COLLEGE FUNDING COACH® WORKSHOP

Little-Known Secrets of Paying for College

Welcome to The College Funding Coach®

The College Funding Coach® was founded in 2002 to help families better understand the complex strategies for saving and paying for college. Since then, The College Funding Coach team has helped families implement strategies, saving thousands of dollars per year in tuition and fees.

For many families, the high cost of higher education is a daunting proposition. Parents lie awake at night trying to figure out how to afford sending their children to college and still have enough of their hard-earned money to be able to retire one day. Some families have children attending college next year, and others have years to plan, but the fear of tackling these monumental and rising costs is the same.

The College Funding Coach is here to help families figure out HOW to pay for it! We teach our class across the United States. Our unique program complements school counselors' valuable work and fierce dedication throughout the nation, from elementary to high school. Our workshops are at public and private elementary, middle, and high schools, businesses, houses of worship, and other organizations.

Why Become a Host?
