

Our Evidence-Based Approach:

Research studies in Harmony classrooms have demonstrated positive outcomes for students including:

liked school more,
increased peer interactions,
provided a greater sense of inclusion, and
improved writing and math performance with course grades.

What's Next?

As an awardee of a highly competitive U.S. Department of Education grant, Harmony is working with 3 urban school districts to evaluate the impact of academic integration with Harmony over the next 5 years. Stay tuned for exciting updates on this initiative.

HARMONY
ACADEMY

Harmony Academy provides both classroom resources and professional learning pathways for schools, districts, and communities.

HARMONY
ACADEMY

We are here to Support the Whole You™

Introducing Harmony Academy!

Our no-cost digital resources offered with our Harmony Curriculum and Harmony Professional Learning focus on developing healthy peer relationships inside and outside of the classroom, all powered by National University's Whole Human Education.

Our Transformative Approach

Through our offerings of Harmony Curriculum and Harmony Professional Learning, our program is transforming classrooms across the country with a focus on:

Systemic Collective Impact

Uniting administrators, teachers, community, families, and students for positive impact.

Teach Your Way

Providing comprehensive, flexible, and evidence-based instruction that works in any school setting.

Community & Sense of Belonging

Building healthy relationships to help foster strong communities and a deep sense of belonging.

Make Every Minute Count

Improving academic outcomes through seamless integration of literacy and core content, inside and outside of the classroom.

Harmony Academy Resources

What's Included

Harmony Curriculum includes Everyday Practices, Units, Lessons and Activities for Prek-6th grade students to build healthy relationships while interacting with peers in dialogue and decision-making. Supplemental resources include stories, songs, and games.

Two Pathways

Harmony Professional Learning offers two pathways with over 80 no-cost modules for educators to build teacher practices and develop adult SEL capacity. Educators can earn up to 9 free graduate credits. Additional credential-rich pathways coming soon.

Professional Learning Opportunities

Professional learning opportunities with academic integration are also available for school districts to support the weaving of Harmony throughout the school day.
