Monday Keynote Session Speaker

Passion, Purpose, Position

Ashley Wright

ABOUT THIS SESSION: Are you an educator feeling stuck in a rut? Do you yearn for a sense of purpose in your work? “Passion. Purpose. Position” – a call to action for educators to unleash their unique gifts and transform their communities. Join Ashley for an inspiring keynote session where you’ll discover how to harness your passion, find your purpose, and position yourself as a change agent in education.

When you identify your strengths and align them with your goals, you’ll truly discover the impact you can have in your school and beyond, and leave a legacy with every individual you encounter. Become transformed and motivated to make a difference in the lives of your students, staff, and community.

SPEAKER BIO: Born and raised in Houston, TX, Ashley Wright has been an educator for the past 14 years, and a certified school counselor and licensed professional counselor for the past 5 years. Her experience as an elementary classroom teacher helped her to realize students were having endless challenges that dealt with home, school, and peers. She later decided to become a school counselor in order to fully serve and connect with students campus-wide and in her community. This move enabled her to reach more students with social-emotional support and strategies/tools to enhance their resilience and relationships.

Recently recognized as the 2022 American School Counselor of the Year Finalist and 2021 Texas School Counselor of the Year, Ashley continues as a national speaker and advocate of the profession to teach students and educators to accept diversity, increase self-esteem, build character and maintain resilience. It is her divine belief that “Every human being has the unlimited potential to make positive change in one’s life.”

Tuesday Keynote Session Speaker

Building Proactive Systems to Break the Cycle of Reactivity

Terri Tchorzynski

ABOUT THIS SESSION: Over the last few years it has become evident that the plates of school counselors across the nation have become increasingly full of challenges, such as staff shortages, increased mental health needs for adults and students, increased rates of truancy, decreased rates of academic achievement, and a noticeable lack of social skills and conflict resolution across all developmental stages. This list could go on!

Redesigning our systems to be more proactive is an essential part of breaking the cycle of reactivity that oftentimes leads to burnout and frustrations. Discover frameworks, strategies, and best practices that will leave you feeling empowered to embrace new concepts that may be unfamiliar and uncomfortable at first, but might be exactly the new approach that is needed to transform our student supports to be more comprehensive across all service providers, preventative in practice, and inclusive of ALL students.

SPEAKER BIO: As Executive Director of Transformational Partnerships for Hatching Results, Terri leads a team of nationally recognized consultants who work with school counselors and administrators across the country to develop comprehensive, data-informed programs that are centered on supporting the needs of ALL students. Prior to Terri's current role with Hatching Results, she served 18 years in education as both a high school English teacher and school counselor where she was able to lead her department in becoming one of the first schools in the state of Michigan to become a Recognized ASCA Model Program and was named the 2017 National School Counselor of the Year. As Terri travels the country to support the development of comprehensive school counseling programs, she continues to fuel her passions for both career development and the state of school counseling in Michigan as most recently having served as an Advisory Panel Member for the US Department of Education Office of Career and Technical Education, as well as the President of the Michigan School Counselor Association.
