

A young boy with brown hair, wearing a blue polo shirt and a large black headset with a microphone, is smiling and looking at a tablet computer. He is sitting at a wooden desk in a library, with bookshelves filled with books visible in the background. The lighting is warm and natural.

AFTER MHS

Preparation for life

Students start preparing for the future on the day they arrive at MHS. Elementary Division students develop key skills, confidence, and an attitude of personal success. Career development begins in Middle Division. Senior Division students can take advanced courses, earn college credits, and even accrue up to \$95,000 in continuing education scholarships to support what comes next. Internships, co-ops, and certification opportunities also are available.

We provide

- **10 Career and Technical Education areas** giving students the chance to explore and then specialize in a particular career or trade
- **Professional work experiences** through internships and co-op placements with partner companies
- **College and career counselors** who begin working with students in grade 9, and higher education and career support specialists that work with students for up to six years after graduation
- **Continuing Education Scholarships** which are accrued through strong academic and behavioral performance
- **A legacy of success**, including more than 8,000 living alumni, who serve as mentors, advisors, and role models to young graduates

After MHS

The MHS Graduate Programs for Success Division provides career and postsecondary advisement and support with the goal of postsecondary success for every student and graduate. Traditionally, by the fall after MHS graduation, nearly 80 percent of graduates enroll in programs to earn four- or two-year degrees, diplomas, or certificates. Graduates may also join the military or enter the workforce.

Selection for admission

Milton Hershey School enrolls students from across the United States.

To be considered for enrollment, a child must:

- Come from a low-income family
- Be 4-15 years old at the time of enrollment
- Have the ability to learn at MHS
- Be free from serious behavioral problems likely to disrupt the classroom or student home life at MHS
- Have the ability to participate in and benefit from the MHS program

While MHS believes all children deserve the very best education, the school is not right for every child, even if they meet the minimum requirements for age and family income. Some children may not adjust to the school's unique student home environment or may have behavioral issues that could be disruptive. Other children may need services that are beyond what the school provides as part of its program.
