

# Supporting Postsecondary Outcomes

Student-centered guidance to navigate career and education planning

## Why MaiaLearning?

### School Benefits

- K-12 Postsecondary Planning
- Local Partnership Management
- Local Scholarship Handling
- Multilingual Platform Capabilities
- WCAG 2.1 Level AA Compliance

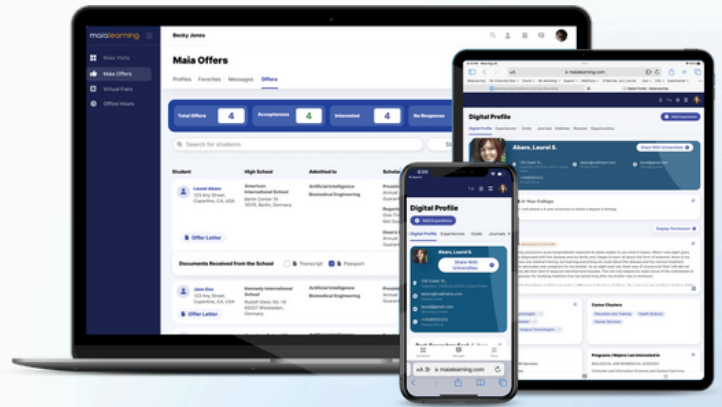

### District Benefits

- Supporting Schools, Districts & Students in 70+ Countries
- Passion for Education
- Unmatched Customer Service
- Unlimited Training & Support

**“MaiaLearning does a phenomenal job communicating and providing the tools for a seamless implementation. It was truly so easy”**

**Erika Bennett** - College and Career Readiness Coordinator, Riverside County Office of Education

## Empower Counselors

Think of MaiaLearning as an extension of your counseling office. The comprehensive platform allows counselors to assign, track, and report on career exploration; plan for college; and more. MaiaLearning streamlines postsecondary planning so counselors can focus on students.

## District Insights & Data

Drive positive district change by measuring the effectiveness of College & Career Readiness programs. Track progress towards graduation requirements, popular career clusters, work-based learning experiences, postsecondary outcomes, and more!

## Student Benefits

- ✓ **All Students, All Pathways** – Students use MaiaLearning's platform power to make informed postsecondary decisions based on their passions, strengths, and skills.
- ✓ **Curriculum** – Students engage with rich curriculum that guides them through Social Emotional Learning and Postsecondary Planning.
- ✓ **Academic Planning** – Students, counselors, and parents use MaiaLearning's individualized academic planning capability to select courses, track graduation requirements, and approve plans.
- ✓ **Self Promotion** – Students personalize their digital profiles to create resumes, apply to work-based learning experiences, and advocate for their next educational and career opportunities.
