SCHOOL OF
GRADUATE STUDIES

PROGRAM OFFERINGS

The School of Graduate Studies has a long history of offering master's degrees and certificates in the areas of human services and the helping professions.

Our graduates are highly sought-after professionals known for their rigorous academic preparation, adherence to high ethical standards, strong work ethic, and compassionate care. They serve a broad range of individuals with intellectual, emotional, psychological, and physical needs in a variety of settings, and find great satisfaction in knowing they are making a difference in the lives of those with whom they work and in the communities in which they live.

Our graduates are leaders who will shape the future with their dedication to helping each person reach his or her full potential, which is a beautiful manifestation of the University's mission.

PROGRAM OFFERINGS

The Grenon School of Business develops responsible managers and leaders who advance their own careers while meaningfully impacting organizations, communities, and society.

Designed for working professionals and recent graduates alike, our portfolio of programs cover leadership techniques, specialized skills, and technical capabilities. They build a foundational understanding of how organizations work through its various functions while also encompassing broader strategic leadership components, including driving innovation, managing change, and developing teams.

Our students start long-lasting relationships and build far-reaching networks as they translate knowledge to action. Our graduates join us from all disciplines and backgrounds to reach new levels of thinking strategically, collaborating effectively, and communicating clearly.

Master's Programs:

- Accelerated MBA in Management
- MBA CPA Track Programs (Accelerated & Part-time)
- Part-time MBA
- Organizational Leadership

Certificate Program:

- Certificate of Advanced Graduate Study (C.A.G.S.) in Business Administration
