SO, WHY ASSUMPTION?

“Because being an Assumption Greyhound means I’m part of a pack, a family, that’ll be by my side every step of the way.”

- Meredith Gendreau '27

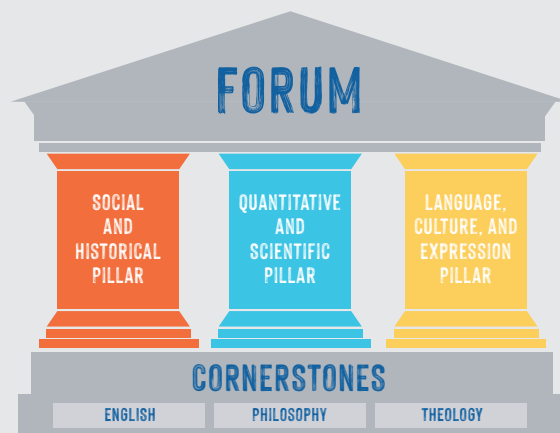

Ask anyone in the Assumption community, and they’ll say the same thing as Meredith (above). This sense of belonging is the basis on which the Assumptionists began educating, striving for the “harmony of faith and reason” and “the pursuit of truth in the **company of friends.**”

As a Catholic liberal arts institution, Assumption University strives to form thoughtful, compassionate citizens through an education that challenges students to pursue truth, goodness, and beauty in their everyday lives. Our students ask and answer life’s enduring questions, for they are the foundations upon which our immediate present is built.

Build the Foundation for a transformative education, a meaningful career, and a fulfilling life.

The **FOUNDATIONS PROGRAM** will provide you with an education that prepares you for thoughtful and meaningful engagement with your majors and minors, your activities, your careers, and your lives more broadly.
