

# Extending School Wellness

## WHO WE HELP:

School counselors in K-12 schools, school systems, and educational institutions focused on student mental health and wellness.

## HOW WE HELP:

The Prosper app empowers school counselors by providing personalized mental health support for students through evidence-based CBT and SEL tools. It simplifies the engagement process and delivers valuable insights to improve student outcomes and overall school wellness.

## Prosper Stats:

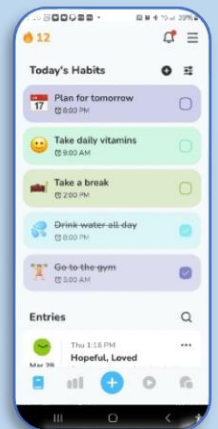

- Supporting 10K students in 44 high schools
- Launched to Maryland HBCU campuses
- Apple app store rating of 4.8 out of 5.0

## HOW PROSPER SUPPORTS YOUR TEAM:

### Customized Student Support:

Prosper's tools are designed to help school counselors provide personalized mental health support to students, addressing issues such as stress, anxiety, and social challenges.

**Automated Check-Ins:** Utilize automated wellness check-ins to regularly monitor student mental health without the need for constant manual check-ins, freeing up counselors to focus on more critical tasks.
