

WHERE YOUR Money Goes

PRIZES

OPERATIONS

K-12 PUBLIC EDUCATION

RETAILER COMPENSATION

Virginians also played Lottery games the traditional way at more than 5,300 Lottery retailers across Virginia. Those retail businesses who partner with the Lottery earned a record \$141.5 million in retailer compensation. Much of that \$141.5 million went to small-business owners who help support and sustain their local communities, and we are proud to play a role in the support of those businesses.

Lottery players had a great year too: They won more than \$4.2 billion – yes, that’s BILLION – in total prizes. For each dollar spent playing Lottery games, about 77 cents went right back to players as prizes.

I’m proud of the Lottery’s support of Virginia K-12 public education through initiatives such as the acclaimed Thank a Teacher program. In addition, the Lottery’s award-winning Play Responsibly campaign has put Virginia at the forefront of all U. S. lotteries in terms of social responsibility. We present our games with the utmost ethics, honesty and integrity.

The Virginia Lottery is unwaveringly focused on its mission of helping fund K-12 public education in Virginia, and every member of the Lottery embodies this mission. If you play Virginia Lottery games, you are contributing to Virginia’s future one play at a time. That’s something to celebrate!

Khalid Reede Jones

VIRGINIA LOTTERY (804) 692-7777

You can cash a winning ticket in the Virginia Lottery app, at a Virginia Lottery retail location or at one of our office locations across Virginia. Prizes of up to \$600 can be cashed at a Lottery retailer. Prizes of up to \$5,000 can be cashed in the app.

For a listing of office locations, visit valottery.com/contactus.

If you have an organization and would like a Virginia Lottery spokesperson to speak with your group about the Lottery’s benefit to education, email us at speakers@valottery.com.

FY24 YEAR IN REVIEW

VIRGINIA LOTTERY

A MESSAGE FROM THE EXECUTIVE DIRECTOR **Khalid Reede Jones**

At the Virginia Lottery, we are passionate about our contributions to K-12 public education in Virginia, our sole beneficiary for the past 25 years. That passion resulted in record profits of \$934 million in Fiscal Year 2024 (FY24) – something we’re proud of not only because of the number but also because of the impact that it creates.

All that money, every single penny, is required by Virginia law to benefit K-12 public education in Virginia, and every school district in Virginia receives a portion. This brochure contains the list of every school district along with the amount of money from the Lottery profits that each district received according to the Virginia Department of Education.

Fiscal Year 2024 was a year of records with \$5.5 billion in sales (an 8.5% increase from last fiscal year) that led to that all-time high profit number. We’re able to achieve the goals by continuous adherence to our mission and by maintaining innovation as one of our core values. None of this would be possible without working to create new, innovative ways to play our games and interact with the Lottery. Right at the top of that list is our new Virginia Lottery Rewards program, which launched at the tail end of FY24 with nearly 200,000 members signing up within the first month! Our industry-leading iLottery program continues to be the fastest growing part of our business, and we lead the entire country in iLottery sales, profit and growth. By offering an online presence and mobile app, we can meet consumers where they are today and into the future.

HOW DOES IT ALL WORK?

Virginia Lottery Sales

With each purchase of a Lottery game, you contribute to Virginia's future and help the Lottery live its mission.

Lottery Proceeds Fund

The Lottery deposits 100% of profits from the sale of games into the Lottery Proceeds Fund, which is designated by the Constitution of Virginia to support local public education across the Commonwealth of Virginia.

Virginia Department of Education

VDOE distributes all education funding, including the Lottery Proceeds Fund dollars, to school divisions across Virginia. Distribution is based on the approved state budget and other factors that include student enrollment and prioritized programs.

Virginia's Public School Divisions

Each school division allocates funds to its schools.

FY24 DISTRIBUTION OF Lottery Proceeds to Virginia K-12 Public Education

This list, provided by the Virginia Department of Education, details the \$934 million of Lottery proceeds funding available during FY24. Localities receive these funds to use as discretionary funding and for programs, such as K-3 class-size reduction, SOL Algebra Readiness, early reading intervention, etc., as authorized by the General Assembly in support of K-12 public education. Localities are counties unless otherwise noted.
