

Career Connected, Mission Driven Learning

STEM, computer science, and CTE lessons

Today's students are inspired by project-based, mission-driven learning. Learning Blade engages students and is proven to increase career interests in high-demand areas, such as STEM, while reinforcing core academic standards.

Appropriate for grades 5-9, Learning Blade provides ready-to-use online lessons for math, science, social studies, and language arts aligned to state standards and include corresponding lesson plans for teachers, parent handouts, and more!
