

Work-Based Learning

Connecting Education to Career in Naviance CCLR

Partnerships between education institutions and employers are crucial for preparing students with skills needed in the job market. Access a comprehensive **work-based learning experience in Naviance CCLR** that helps students apply classroom knowledge to real-world settings and enhance their skills, employability, and industry connections.

Access Real-World Experiences

Work-based learning gives students hands-on exposure to their future careers, allowing them to build skills, gain confidence, and understand workplace expectations before they graduate.

Build Stronger Partnerships

Build and maintain relationships with employers, creating more opportunities for students and ensuring alignment between education and industry needs.

Personalize Career Exploration

Give students tailored suggestions for work-based learning opportunities, ensuring a more engaging and relevant learning experience that leads to stronger career readiness and higher engagement.

Work-based learning
can be a lever to
**advance equity and
economic
opportunity** for young
people.

Bring together all the tools needed for an effective and impactful work-based learning program. **With Naviance CCLR, you can bridge the gap between classroom learning and the workplace**, giving students a clearer understanding of their chosen career fields, helping them build industry-relevant skills, and preparing them for future success.

Employer Management

Invite employer partners to join for free, manage their posted opportunities, and control what displays to students. Reduce manual input by giving employers the autonomy to add and update opportunities directly.

Opportunity Discovery

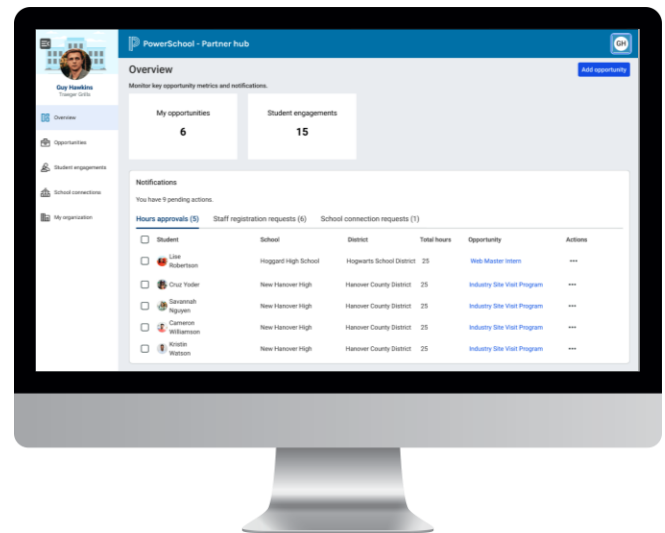

Enjoy more flexibility in the types of opportunities posted with new categories available. Students can access personalized suggestions for work-based learning opportunities based on their activity in Naviance.

Engagement Tracking

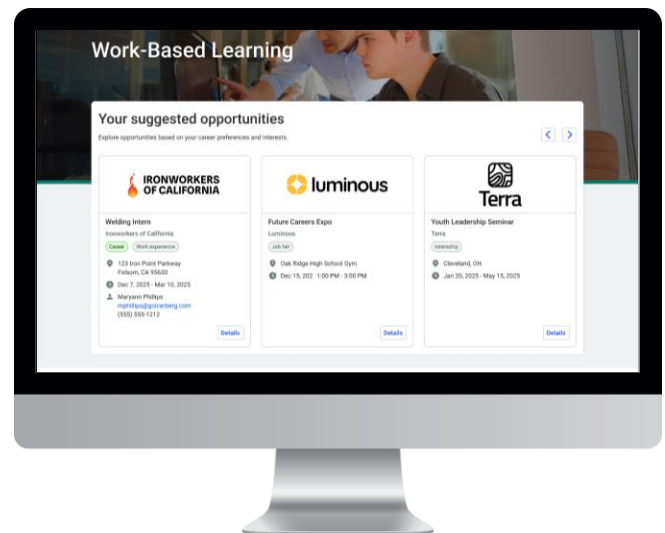

Track student engagement in real-time, including hours worked and digital signatures, providing full transparency and a comprehensive record for every work-based learning experience.

Reporting & State Mandate Tracking

Effortlessly generate reports on student engagement, hours worked, and other key metrics for compliance with state mandates. Automatic data alignment ensures you're always ready for reporting deadlines.
