First, record a baseline

Record Baseline data before you begin teaching. Baseline data enables you to compare pre and post teaching results.

Begin Skip this step

Track Data

Back to School Behavior Tracking and Behavior Plan

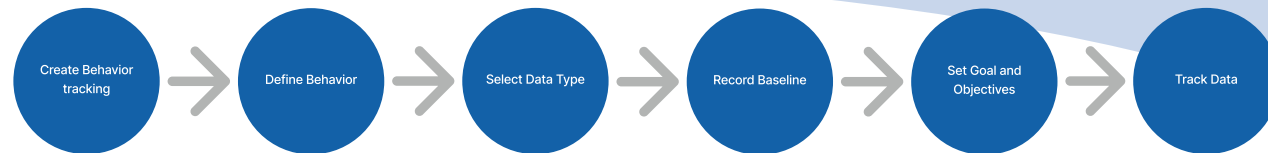

BEHAVIOR TRACKING

View target behaviors and record student progress monitoring. Appropriate for students with specific behavior goals that need to be monitored on a regular basis.

[View behaviors](#)

[Record behavior](#)

Behavior Tracking will be a separate tool that teachers, specialists, etc. can use prior to creating a Behavior Plan.

Create Behavior Tracking

Set Goals and Objectives

Track Data

BEHAVIOR PLANS

Create a student behavior plan, monitor behaviors and use strategies to support the student.
