

NATIONAL CENTER for YOUTH ISSUES

6101 Preservation Drive • Chattanooga, TN 37416 • www.ncyi.org

DISTRICT-BASED & COMMUNITY EVENTS

Resource Fairs

- Provides the tools to empower counselors and other student support professionals to enhance student success in school, and in life.
- Allows these professionals the opportunity to personally review the resources before securing them, thus increasing the likelihood of their active use at the school building level.

What others are saying!

...Our district was so pleased with the recent event NCYI helped us host. The speaker was absolutely fantastic – I have heard rave reviews from families, staff, and counselors all weekend. Thank you, as well for the fabulous book fair (Product Showcase), and for making last week possible. We appreciate you!

Makenzie Perkins, MS

District Counseling and Intervention Specialist
Collierville, TN Schools

I would recommend without reservation to any district/organization considering a partnership with NCYI! Whether NCYI is managing our Texas ASCA-affiliated conference (LSSSCA) or a local in-service event, the attention to detail, follow-up and support are consistently professional! NCYI understands school counselors and knows how to support District Supervisors like me. We simply tell them what we want, and they handle the rest! The NCYI Speakers Bureau is comprised of high quality thought leaders who are equipped to not only deliver a keynote, but are also skilled at delivering complete workshops!

Tammi Mackeben

Director of Guidance and Counseling,
Socorro Independent School District
El Paso, Texas

Summits

- Provides the training and resources to galvanize school districts and their communities to address the barriers to learning, and advance positive children and youth development.

- A district-based Summit allows the local schools to choose the issues unique to their community of schools they wish to address in workshops/training sessions.
- The district also is part of the decision-making process to select the speakers for their Summit. NCYI then works out all the details!
