YOUR ONLINE EDUCATION PARTNER

WHAT WE DO

Flexible

At My Virtual Academy, we offer adaptable online learning solutions to school districts, including virtual academies, tutoring, and credit recovery programs and more.

Personalized

Our programs provide tailored learning experiences, meeting each student's unique academic needs and goals.

Effective

We empower students to succeed through engaging, high-quality online learning experiences for real academic progress.

Dear School Leader,

At My Virtual Academy, we partner with school districts to provide flexible, high-quality online learning solutions that support student success. Whether your district needs a full-service virtual academy, credit recovery options, or live one-on-one tutoring, we offer customized programs to fit your students' unique needs.

Our programs help re-engage students who have left school, support those needing extra academic help, and expand learning opportunities beyond the traditional classroom. With a commitment to student achievement and district partnership, we ensure that every learner has access to the resources they need to graduate and thrive.

Let's explore how we can support your district's goals. I'd love to schedule a time to discuss your needs.

Best regards,

Aaron Brown

MY VIRTUAL ACADEMY

YOUR ONLINE EDUCATION PARTNER

Our Mission

Our mission is to empower students through flexible, personalized online learning, fostering academic success and lifelong skills in partnership with schools and families.

Who We Serve

- ✓ School Districts
- ✓ Students and Families
- ✓ Learning Organizations
- ✓ Non-Profits

What We Can Offer You

Need a trusted partner who can provide online education programming?

We help school districts run virtual academies, provide student tutoring, and offer flexible learning solutions.

We Can Help You!

K-12 Virtual Learning Programs

Looking to launch a flexible, accredited online learning program for your district but need expert support? We provide fully developed online learning academies, complete with certified teachers and comprehensive courses, tailored to meet the needs of school districts and their students.

Computer Lab Programming

Short a teacher? Hard to find classes? We offer school districts flexible learning lab options for those difficult circumstances.

Drop-Out Recovery

Do you have students that have dropped out and need to restart? We offer specific drop-out learning pathways for students to easily return and earn their course credit, and a high school diploma.

Online Tutoring

Need targeted academic support for your students? Our personalized, live one-on-one tutoring boosts performance and confidence.

Credit Recovery / Advancement

Do you have students who need to recover lost credits or get ahead academically? Our credit recovery and advancement programs help students regain missed credits or accelerate their learning, keeping them on track for success.
