

Together We Power the Potential of All Learners

Powerful Education Solutions. Professional Training Programs.

Let's Advance What's Possible

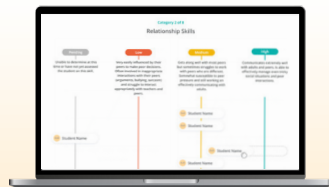

RethinkEd's innovative solutions create healthy school climates, promote a greater awareness and understanding of mental health and wellness, and empower educators with training and instructional tools that drive whole school success.

Product Overviews:

Behavior Suite

Build safer, more positive learning environments by supporting educators with proactive strategies and accountability tools to improve student behavior.

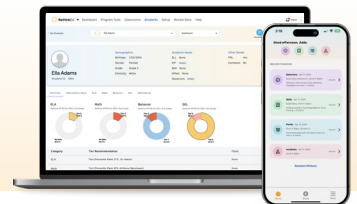

Wellness Skills Suite

Help students grow their emotional intelligence and social skills through wellness curriculum, educator training, and district-wide data.

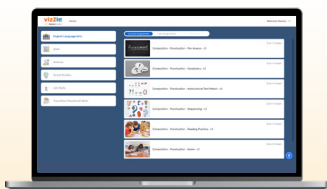

Mental Health Suite

Foster a caring space for learning to thrive by equipping educators with curriculum and intervention resources to address student stress, anxiety, trauma, and more.

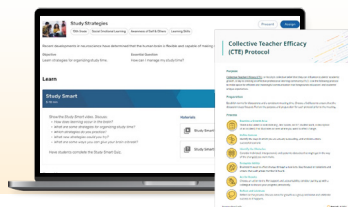

MTSS Suite

Ensure every student gets the right support at the right time with educator training and student curriculum focused on academic, behavior, and wellness interventions.

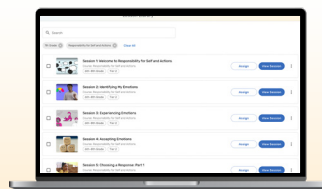

Vizzle

Support special education students across core academics, life, social, and vocational skills with differentiated curriculum and tools for data tracking and IEP compliance.

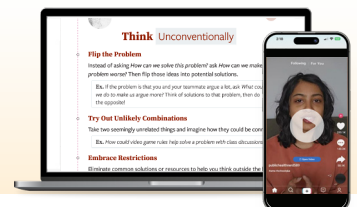

Professional Development

Build educator confidence with flexible training on MTSS, special education, wellness and behavior—delivered on-demand, on-site, or virtually.

NavigatED

Improve student outcomes by equipping counselors and interventionists with PD and courses to support Tier 2 and Tier 3 interventions.

LifeEd

Prepare students for post-graduation success with real-world curriculum that builds essential life skills through content featuring young adults and social-media style formats.
