

IgnitED!

CONSULTING

Our Mission

The mission of IgnitED! Consulting is to provide comprehensive support to school systems in order to increase whole child student success through a Multi-Tiered Systems of Support (MTSS) Framework.

Our Vision

Our vision is to support school systems to blend implementation science (what we know works to produce results!) with social, emotional, behavioral, and academic practices (what we know students need to get!) in order to move the needle on increased student success.

Our Core Values

- Serve Educators
- Value Relationships
- Communicate & Collaborate Purposefully
- Develop Innovative Systems
- Model Transparent Accountability

Why Work With IgnitED! Consulting?

"Having the opportunity to work alongside like-minded people who believe in the whole child has been energizing this year! Thanks again for ALL that you do! This work focuses on how educators can be their best for kids and I can't wait to see where this journey takes our school and district!"

"Our district-level MTSS consulting, training and coaching has been a game changer. The supportive accountability of the IgnitED! Team, along with the practical and realistic changes we work on in between sessions keep us excited for the work. We've noticed huge changes with our teachers and students in just a short year. We cannot wait to continue our partnership with IgnitED! Consulting!"

"This was the most clear, well-thought-out, best-articulated professional development I have ever participated in."
