

THE SUPA ADVANTAGE

Student Focused

- SUPA students experience courses as if they were on the SU campus.
- Access to Syracuse University student resources.
- Dedicated SUPA team available to assist students and parents.

College Readiness

- 90% of SUPA students receive credit recognition.
- Offers the rigor of a college course while still in high school.
- Gain valuable skills that ease the transition from high school.

Professional Development

- SUPA instructors participate in rigorous training.
- Instructors annually attend discipline-specific workshops, seminars and more.
- Instructors are eligible for reduced tuition for SU courses.

S Syracuse University courses in
your high school.

Syracuse University Project Advance (SUPA) is a premier concurrent enrollment program enabling qualified high school students to enroll in Syracuse University courses right on their own high school campus during their regular school day with university approved and trained instructors.

information
about SUPA:

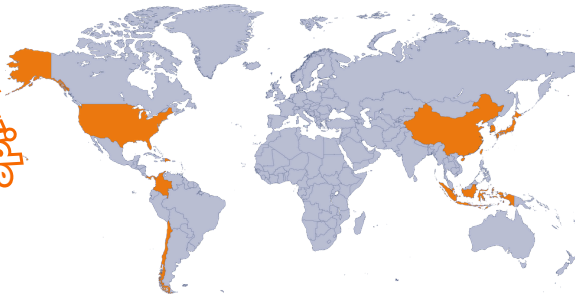

“The courses offered to me through Project Advance saved me a great deal of time and money. I enjoyed the classes as they were challenging and educational.”

- SUPA Student

Project Advance

A Slice of College

SUPA students develop a realistic understanding of college coursework and expectations.

SUPA allows students to explore a variety of interests before choosing their post high school path (i.e. college, trade, career, military).

Students are more than just a test score. SUPA students earn credit through multiple assessments, not through a single high stakes exam.

GUARANTEED ORANGE

The Guaranteed Orange pathway program rewards SUPA, Syracuse University Summer College and Accelerated Semester Online students for their initiative, hard work and enthusiasm for Syracuse University.
