

Simplifying Scholarships and Grants for Schools, Counselors, and Communities

One secure platform that brings counselors, educators, students, and foundations together to streamline applications, reviews, and awards.

*Built by educators,
for educators and communities*

Meet AppCentri

AppCentri is the only platform built to manage scholarships *and* grants, end to end, in one simple, secure hub.

Designed by educators, AppCentri replaces scattered systems with a centralized workflow that works for schools *and* community organizations.

Too much paperwork. Too many deadlines. Not enough time.

Schools and community organizations want to support students and educators, but outdated processes get in the way.

-  Counselors juggle spreadsheets, emails, and paper forms while supporting hundreds of students
-  Foundations manage applications manually, track reviews by hand, and struggle to reach all eligible applicants
-  Teachers have little time to find and apply to essential grant opportunities
-  Students miss opportunities simply because the process is confusing and overwhelming

For Schools and Districts

- Centralize scholarships, teacher grants, and awards in one platform
- Track student progress and submissions in real time
- Automate reminders, references, and document collection
- Ensure equitable access for *all* students
- Reclaim time for direct student support

More Than Scholarships

AppCentri can be customized to manage:

- Local and regional scholarships
- State and national scholarships
- Teacher grants and awards
- District or foundation-led funding programs

All with the same streamlined experience.

Westside Foundation

"The ease of AppCentri for both the reviewers and students has made our scholarship process a breeze!"

Erika, Westside Foundation Administrator

For Foundations and Community Organizations

- Easily distribute scholarships or teacher grants to schools
- Receive and review applications online
- Increase application completion and quality
- Gain real-time visibility into submissions and awards
- Strengthen partnerships with schools and counselors

Trusted by Schools and Communities Nationwide

60% increase in applications submitted

80% of students on AppCentri receive awards

Used by **45+** schools and growing

We never harvest or sell data. AppCentri is built for trust, transparency, and accountability.

"Before AppCentri, I was sending scholarships out in a suitcase full of papers. Now? 80% of our seniors receive awards."

John, Wahoo High School Counselor
