

NEW JERSEY COMMUNITY PROVIDERS

Do you know about the NJ Pediatric Psychiatry Collaborative (NJPPC)?

1200+ PEDIATRIC CARE PROVIDERS PARTICIPATE IN THE NJPPC, RECEIVING FREE TIMELY ACCESS TO MENTAL HEALTH CARE SUPPORT AND RESOURCES IN THEIR COMMUNITIES.

The NJPPC is a statewide program that aims to ensure early identification and effective management of mental health issues through collaboration, education, and support to pediatric care providers.

NJPPC members refer patients in need of mental health consultation to their NJPPC Regional Hub, where free evaluations with a child and adolescent psychiatrist are offered when appropriate.

Hub licensed clinicians, psychiatrists, and other mental health professionals work one on one with families of children and young adults up to the age of 21y by assessing their level of need and providing referrals to appropriate community resources.

AS A COMMUNITY SERVICE PROVIDER, YOU CAN BE THE BRIDGE TO CONNECT PEDIATRIC CARE PROVIDERS TO THE NJPPC AND CHILDREN TO THE MENTAL HEALTH SERVICES THEY NEED.
