Evolve ™

Your Assistant for SPED & Behavior Intervention

Drive evidence-based outcomes through automated workflows and gamified interventions. Less Paperwork. More Progress. Better Outcomes.

- **Reclaim 728 hours for intervention**
- **Save 30 hours per student on IEP planning**
- **Reduce progress tracking time by 55%**

Cut IEP and BIP workflow time by 55%

Smart Assessment
AI-powered assessment tools for every student.

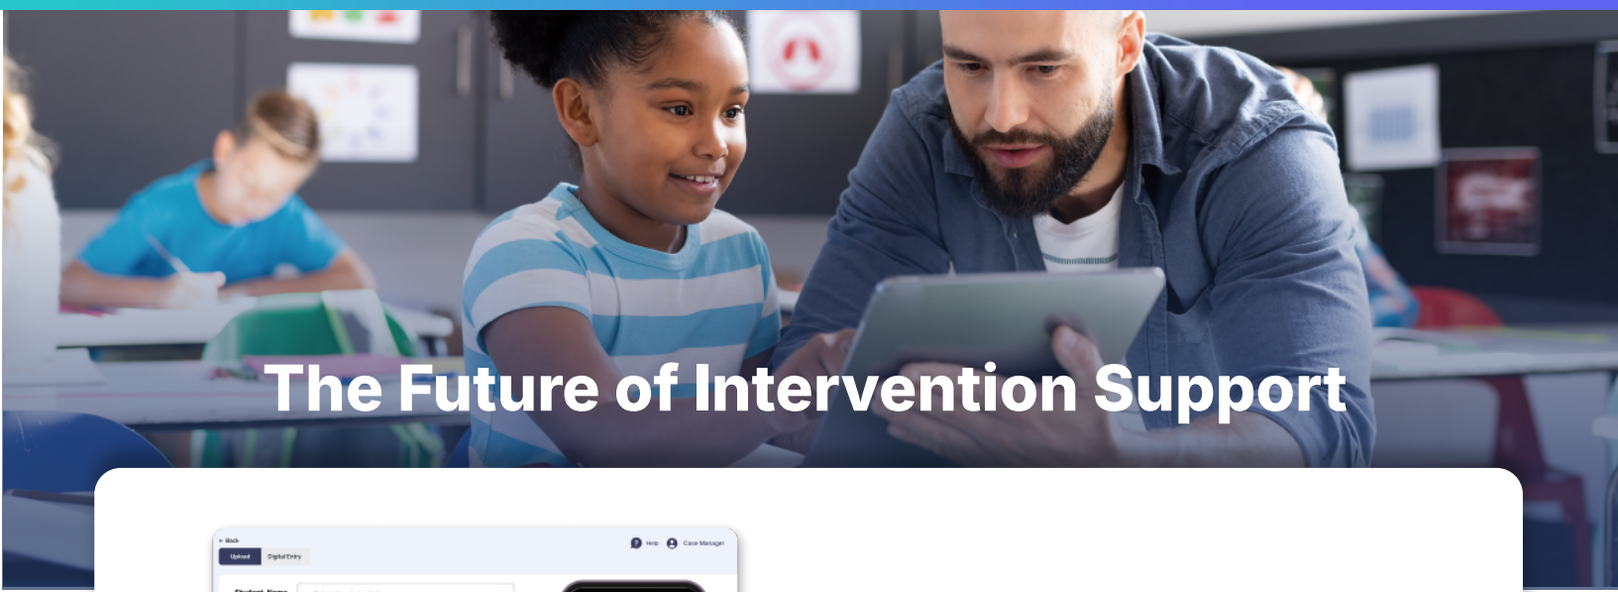

IEP Goals & Present Levels
Generate compliant IEP goals in seconds.

BIP/BSP Generator
Build behavior intervention plans with AI assistance.

Track Progress Across Team
Integrate all the teachers & providers for streamlined workflow and centralized data.

Log Service Time
Effortless service time tracking and reporting.

Gamified Intervention
Students grow a sidekick with every goal achieved.

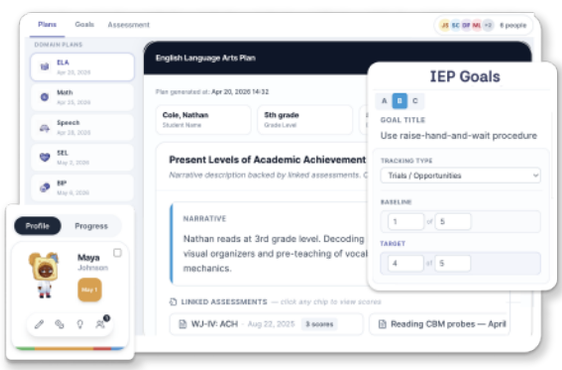

The Future of Intervention Support

Automate Paperwork

Instantly digitize and unify handwritten assessments and observation notes, saving 728 hours annually on manual transcription and repetitive documentation.

Create IEP & BIP Plan In Minutes

Generate compliance-ready IEPs and behavior intervention plans (BIPs), automate goal tracking and present levels, and reduce staff workload while improving quality and compliance.

Progress Tracking Across All Providers

Integrate support providers and IEP systems into one connected workflow, unifying progress tracking and instantly sharing data across the special education team.

Evidence-Based. Co-Built with Districts.

"I've seen many tools, but MEandMine truly stands out. It automates all paperwork, unifies all documents into IEP goals, BIPs, and progress tracking, bringing the clarity and efficiency we need to support our students."

Maggie Spehar | **Director of Student Services**
